**APPLICATION TO DISCONTINUE
TELECOMMUNICATIONS SERVICES PURSUANT TO SECTION 63.71**

O1 Communications, Inc., dba O1 Telephone (hereinafter “O1”), hereby submits this Application to Discontinue Telecommunications Services pursuant to Section 63.71. In support thereof, O1 states:

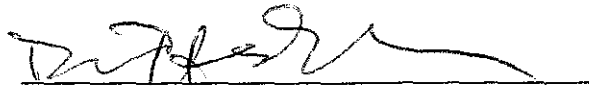

1. O1 is a telecommunications provider in the State of California, located at 1515 K Street, Suite 100, Sacramento, California 95814. O1 is certified by the California Public Utilities Commission to provide both facilities-based and resold telecommunications services.
2. O1 currently provides local exchange telephone services to residential customers in SBC-West service areas in California via UNE-P wholesale offerings from SBC-West.
3. As of December 31, 2005, O1 will no longer provide residential local exchange services.
4. Notice of discontinuance of residential local exchange services was provided to all active customers by U.S. Mail on November 14, 2005. A copy of the notice is attached hereto and incorporated herein by this reference.
5. O1 is a non-dominant carrier with respect to the services being discontinued. SBC-West is the incumbent local exchange carrier in all areas affected by this Application.

WHEREFORE, O1 Communications, Inc., dba O1 Telephone requests that the Commission approve this Application to Discontinue Telecommunications Services pursuant to Section 63.71.

Respectfully submitted November 15, 2005.

Dear Sir or Madam:

Enclosed is urgent information regarding your current Telephone service with O1 Telephone.

This information is date and time sensitive; you must act on this information by December 30, 2005 to avoid any interruption to your current telephone service.

Sincerely,

George Bettencourt
General Manager
O1 Telephone

Dear O1 Telephone Customer,

As our previous notices to you have explained, the Federal Communications Commission has changed the law that governs the residential local telephone service that O1 Telephone provides to you. Because of these changes, O1 Telephone can no longer provide this service. This letter is notice to you that as of December 31, 2005, O1 Telephone will no longer provide residential local telephone service in California. This change *will* affect the telephone service that you currently receive. ***If you do not choose a new provider of residential local telephone service before December 31, 2005 your telephone service will be disconnected.***

O1 Telephone has arranged with its partner PowerNet Global to provide you with local telephone service, in some cases at a substantial savings. O1's customer service agents will be contacting you to assist you in transferring your local telephone service to PowerNet Global. If you would prefer to make these arrangements yourself, you may call O1 Telephone's agents at PowerNet Global at 1-866-708-0096

You have the right to obtain telephone service from another carrier of your choosing. You are not required to obtain local telephone service from PowerNet Global. You may choose another service provider. You may also choose to receive basic service from the underlying carrier, SBC. ***However, if you do not change your provider of local telephone service before December 31, 2005, your telephone service will be disconnected.*** The disconnection of your telephone service will occur without cost to you. However, you may have additional costs as part of ordering new telephone service, depending upon the carrier you choose, and the level of service you request.

Authorization from both the California Public Utilities Commission and the Federal Communications Commission is required before your local telephone service from O1 Telephone may be discontinued. However, the FCC will normally authorize this proposed discontinuance of service (or reduction or impairment) unless it is shown that customers would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity is otherwise adversely affected. If you wish to object, you should file your comments within 15 days after receipt of this notification. Address them to the Federal Communications Commission, Washington, DC 20554, referencing the § 63.71 Application of O1 Telephone. Comments should include specific information about the impact of this proposed discontinuance (or reduction or impairment) upon you or your company, including any inability to acquire reasonable substitute service. You may also submit comments, if you choose, to the California Public Utilities Commission.

O1 Telephone's customer service agents are available to answer any questions you may have about this proposed discontinuance of residential local telephone service. If you have any questions, please call O1 Telephone's customer service department at 1-888-444-1111.

Sincerely,

George Bettencourt
